Cairo Egypt

---

WordPress implementer and second-year Computer Science student at the Higher Institute for Computers & Information Systems – 6th of October. Currently contributing to the National Authority for Quality Assurance & Accreditation of Education (NAQAAE), where I apply my skills to build responsive, accessible, and user-focused web solutions. Proficient in modern web technologies including HTML, CSS, JavaScript, and WordPress (Elementor), with a strong eye for UI/UX design. Passionate about continuous learning, problem-solving, and creating innovative digital experiences that drive real impact
